THROUGH THE GRAPEVINE

GARDEN CLUB of the YEAR

January 24, 2017

Grapevine Convention Center

1209 S. Main Street, Grapevine, TX 76051
Social 9:30 A.M. Meeting and Program 10:00 A.M.

THANK YOU TO OUR JANUARY HOSTESSES:

Coordinator, Joan Kowalski

Hostesses: Rachel Clark, Terry Curcio, Annemarie Garlin, Ginger Jones, Sheri Jones, Carole Lee, Nancy Lewis, Mary McCallister, Cindy Miller, Pat Mingus, Harriet Perrello, and Nancy Searl

Grapevine Garden Club

January Program

January's guest speaker is Marcus Stevens, General Manager of 911 Wildlife. Marcus will share fascinating facts about raccoons, opossums, armadillos, bobcats, and other species of native wildlife that have adapted to living in urban areas. He will also teach us effective, humane solutions for common urban wildlife problems such as cottontail rabbits devouring flowers, armadillos digging holes in a lawn, and squirrels denning in an attic.

President's Message

Happy New Year! This time of year finds most of us enjoying the indoors more than the outdoors. I did bundle up on Thursday afternoon to check out what hardy perennial was showing itself despite the winter frost. I have one little pink rain lily that I purchased at our GGC Spring Plant Sale that is doing well, probably owing its green leaves to the fifteen-foot tall Nellie R. Stevens Holly providing welcome shelter for it!

January in North Texas means it's time for the Ft. Worth Stock Show. "Stock Show Weather" refers to cold, miserable, snowy weather conditions. We will soon find out if that local weather terminology holds true in 2017.

Unlike the Panhandle, the DFW Metroplex doesn't usually get the snow necessary to support building a life-size snowman, but maybe a smaller replica of one of these little snowmen is possible!

Speaking of possibilities, hopefully you have some plants you can bring to the attention of the "Dig Committee." Our GGC Spring Plant Sale always attracts buyers who want our "home grown" heirloom plants. And it's never too early to start thinking about Flowercade. Being indoors at this time of year gives one the opportunity to review photographs and see whether you have a potential candidate for submission for judging at this event. Also, if you are thinking about submitting one of your houseplants, please remember that they need to have been in your possession for 90 days prior to April 15, 2017. Please check the Newsletter for more information.

I hope that the holidays provided lasting good memories for everyone. Looking at the GGC 2017 calendar, I see that we have some great speakers scheduled, fun and interesting Gardeners on the Go trips, and informative Workshops -- so consider making one of your New Year's resolutions to attend a GGC event!

Hope to see you at the January 24th General Meeting!

 Sharon Swagerty

Election of Officers

The GGC Nominating Committee is pleased to announce the following slate of officers for the 2017-2018 GGC club year:

President – Candace Kyler
VP Programs – Dinah Chancellor
Assisted by – Karen Rice
VP Membership – Candy Cawley
Assisted by – Jamie Moser
VP Communications – Kate Dohrer
Treasurer – Ella Barber
Recording Secretary – Sharon Swagerty
Corresponding Secretary – Joetta King
Publicity – Phyllis Butts

Election of officers will be held at the General Meeting on Tuesday, January 24th. Thank you to the Nominating Committee: Pam Braak, Cheryl Neumann, Karen Rice, Evelyn Urbanosky, and Miriam Ward.

✂ Miriam Ward

Greenhouse Update, Grand Opening, and Classes at the GBG

Construction of the greenhouse has been completed, including all inspections. The delivery drive, concrete loading/work area, and concrete sidewalk connecting the garden court to the greenhouse are complete, and staff has begun ordering furniture, work tables, shelving and additional equipment for both the head house and greenhouse. The grand opening and ribbon-cutting ceremony are TENTATIVELY scheduled for Friday, January 27th at 10:00 A.M. and will include a tour of the greenhouse and refreshments. Additional information will follow in an e-mail blast. And please check out page 14 of this Newsletter for information regarding our upcoming Master Composter Classes.

Rose Trial Update

It was a cold day with that north wind whipping through so we moved FAST! There were no bugs, 'cause they were smarter than us and stayed away! The number of roses infected with rose rosette still stands at three. They are all in one bed but each is separated by an uninfected rose. There will be more to report once spring is here.

 Pam Braak

GGC Winter Workshops January – March 2017

GGC is pleased to offer the following Winter Workshops:

*Carole Dowd
Flowercade 2016*

January 24th — **Orchid Basics** with Carol Dowd

- ♥ 1:00 – 2:00 P.M.
- ♥ Mitchell House at Grapevine Botanical Gardens
- ♥ You are welcome to bring an orchid that needs repotting (please -- limit of one and please bring a clean pot)

February 21st — **Sprinkler System Tune-Up: Understanding Your Irrigation System Basics** with Chuck Voelker

- ♥ 6:30 – 8:00 P.M. – Please note evening session
- ♥ Greenhouse at Grapevine Botanical Gardens

February 28th — **Get (Your Body) Ready for Gardening**

- ♥ 1:00 – 2:00 P.M.
- ♥ Grapevine Recreation Center
- ♥ Registration required

March 22nd — **Container Garden** with Lisa Grove and Karen Rice

- ♥ Come build a container garden for your porch or patio
- ♥ 1:00 – 2:30 P.M.
- ♥ Greenhouse at Grapevine Botanical Gardens
- ♥ Registration required
- ♥ Bring your own container
- ♥ Fee for materials

Workshop participants select from a wide variety of plants

If you have questions regarding any of these Workshops, please contact Karen Rice.

Workshops**

2017 Spring Plant Sale Preparation

It's time to start thinking about our Spring Plant Sale that is scheduled for Saturday, April 22nd at the Grapevine Botanical Gardens at Heritage Park. In preparation for that day, we ask that you take a look at your garden and see what perennials you have that you would like to donate to the Plant Sale.

If you have plants to donate, we can schedule a "Digging Party" for you! A group of garden friends will come to your home on a prearranged date with one-gallon pots and landscape mix to pot up your donations. Please e-mail Ella Barber to schedule your Digging Party, or sign up for one at the January 24th General Meeting. We request that members hold these potted plants at their homes until the week before the Plant Sale. If you would rather pot up your own donations, please contact Ella for one-gallon pots and landscape mix. Your plant donations are vitally important to the success of our Plant Sale! Our customers want these tried and true plants because they trust our expertise!

There will also be a sign-up sheet at the January 24th General Meeting for the "Digging Committee." We need volunteers to dig up and pot plants from our members' gardens for the Plant Sale. These are fun events -- you will be working side by side with friends in the garden for about an hour. If you are a new member, this is a great way to meet new people and learn about plants!

We Dig Plants!

Desired Heirloom Plants for the Spring Plant Sale

Anemone, Artemesia, Aster, Beautyberry, Brazilian Rock Rose, Clematis (Pitcheri), Columbine, Cone Flower, Coral Berry, Coreopsis, Daisy, Datura, Gaura, Golden Groundsel, Gregg's Mist, Lenten Rose, Lily (Oxblood, Red Spider), Loosestrife, Mexican Bush Sage, Mexican Mint Marigold, Mint (Apple, Lavender, Peppermint), Moneywort, Oakleaf Hydrangea, Passion Vine, Penstemon, Phlox, Pink Skullcap, Pipevine, Plumbago, Purple Heart, Rain Lily, Rudbeckia, Ruellia, Sage (Autumn, Black & Blue, Indigo Spires, Mexican Bush, Pineapple, Russian), Sedum (Autumn, Dragon's Blood, Gold Moss), Snowflake, Society Garlic, Spiderwort, SunDrops, Texas Betony, Thyme, Turk's Cap, Winecup, Zexmenia and Native Butterfly Weed

Ella Barber and Ginger Jones
Plant Sale Co-Chairs

West Texas Street Work Day - Tuesday, February 14th, 9:00 A.M.

HEY HEY HEY! It's that time again - time to get busy on West Texas Street. As you can see, our next work day is Valentine's Day, so don't wear your heart on your sleeve 'cause it will get dirty as we prune, weed, and visit! And, of course, we'll go drink coffee on Main Street after all our work is done.

There will be a sign-up sheet at the January 24th General Meeting so please give me a shout and sign up along with your friends. We ALWAYS have a good time!

And of course, the Committee and I thank you for your continued dedication and support of this fun project. Bring your tools, a smile, and dress for the weather 'cause it could be anywhere from 35 to 85 degrees! We do live in Texas, after all!

Got Bees?

Are you interested in touring a commercial beekeeping and honey production company? We have been invited to take a unique tour that is being offered free of charge courtesy of Blake Shook from Texas Bee Supply. They are hosting an Open House on Saturday, February 25th from 10:00 A.M. – 2:00 P.M. Texas Bee Supply is located at 14665 Country Road 633 in Blue Ridge, Texas, about an hour drive from the Grapevine area.

Got Bees?

If you are interested in learning how to keep bees, there will be information available at the Open House. You can see a commercial beekeeping operation with extracting and picking lines in action, and shop for beekeeping essentials. Texas Bee Supply offers classes for everyone from the hobbyist to the commercial beekeeper. The Open House will also feature free food, door prizes, and discounts.

For additional information on Texas Bee Supply, you can check out their website – www.texasbeesupply.com.

Flowercade 2017

Flowercade 2017, “Celebrating Our City!,” is coming to the Fort Worth Botanic Gardens on Saturday and Sunday, April 15th and 16th. The preparation day for horticulture is Friday, April 14th. There are three divisions: Horticulture, Design, and Photography.

It’s time to start thinking about which plants, trees and shrubs you can enter, get your creative juices flowing, and snap those photos of plants and wildlife! Remember, if you are entering a purchased, container-grown plant, it must have been in your possession for 90 days. Repot early if you are going to, so the plant will look its best!

Why not plan to join us? We've been doing this for 32 years! Let's keep it going!

Ann Fuller
Flowercade Chair

Gardeners on the Go

Art in the Vine – Wednesday, February 22nd, 11:00 A.M. - 2:00 P.M.

Please be sure to sign up for our “Art in the Vine” painting class on Wednesday, February 22nd at 441 E. Northwest Highway, in Grapevine. Rebecca Winters, the owner / instructor, will teach us how to paint everyone’s favorite wildflower and the state flower of Texas – the beautiful bluebonnet! The class fee is \$25.00 and we ask that you please sign up to bring beverages and snacks for the group to enjoy during the class.

Six of our members are going on the Charleston / Savannah Window Box and Garden Tour from March 26th – 30th! We PROMISE to bring back lots of pictures and creative planting ideas!

There are no trips scheduled in April. Hopefully all members will be busy helping with our Digging Parties, Spring Plant Sale, District II Spring Convention and Flowercade!

Chandor and Clark Garden Tours, Tuesday, May 9th, Weatherford, TX

Please plan to join us for our docent-guided tour of the beautiful Chandor Gardens and its 1930s Palladian style mansion which was primarily used as an artist studio by the original owner. After the tour, participants will enjoy a catered lunch to be served in "The Great Room." After lunch, we will drive to the renowned Clark Gardens for a lovely stroll and self-guided tour.

The cost of this trip is \$31.00, which will cover the entrance fees to both gardens, the mansion, and lunch. This is a carpool trip and sign-ups will begin at the February 28th General Meeting. Please contact Ginger Jones or Annemarie Garlin for more information.

Grapevine Bird Sanctuary Week, January 22nd – 28th

The Grapevine Garden Club supports the city's proclamation for Bird Sanctuary Week, whose purpose is to..... "encourage all Grapevine citizens to conserve bird life through care, feeding and protection from danger." As part of the recognition of this special week, the GGC and Grapevine Parks are holding a Birding 101 class on January 10th at 6:30 P.M. at the Mitchell House at the Grapevine Botanical Gardens. Also, visitors to the Grapevine Botanical Gardens during the week of January 22nd - 28th can make a tissue roll bird feeder to take home or hang in the garden. This is a great activity for the youngsters in the family.

To conclude Bird Sanctuary week, Grapevine Parks and the Southlake Ornithological Society ("SOS") will celebrate with a bird walk on Saturday, January 28th at Wall-Farrar Park. SOS's Dr. Ray Chancellor will lead this walk at 8:30 A.M. in this new Grapevine Park where nature trails are being developed.

For the location of the park, please go to

<http://www.grapevinetexas.gov/DocumentCenter/View/2655>

Note regarding parking: It is best to park at the Church of the Cross along the frontage of S.H. 121. Park toward the very back of the church parking lot. The hike will begin on the adjacent park trail.

Ways and Means

Plan to stop by the Ways and Means table at our January 24th General Meeting. By popular request, we now offer a v-neck t-shirt. In addition, we have Suzi's favorite tool, the CobraHead Weeder. She loves to show hers off at West Texas Street Work Days and now you can have your very own!

The windbreakers continue to be a popular item. We will again be taking orders for them at the January 24th General Meeting. We only need a few more orders from members and we can place another order with the manufacturer. If you order now, you'll be able to enjoy your windbreaker this spring.

The order form for caladiums can be found on pages 15 and 16 of this Newsletter. Detailed instructions for ordering can be found on the form. PLEASE NOTE THAT THE DEADLINE FOR ORDERING IS MONDAY, FEBRUARY 13th.

Bloomin' Bucks from Brent and Becky's

Did you know that the GGC participates in the "Bloomin' Bucks Fund Raising Program" from Brent and Becky's, the online nursery we use to order our spring-blooming bulbs? This fundraising opportunity is available to non-profit organizations.

Whenever an order is placed with Brent and Becky's in our Club's name, the Club receives a check for 25% of the order.

We recently received a reward check from Brent and Becky's in the amount of \$203.00 for our orders over the past six months!

If you, a friend, or a family member are shopping for bulbs or other plants online, please check them out. It's easy! Just go to www.bloominbucks.com and select "Grapevine Garden Club" from the pulldown menu. You will be directed straight to the website and you can start shopping. Remember, 25% of any purchases made will be credited to the GGC!

Seeds – The Big Happening in Your Yard

Seeds are the beginning – and the end – and the anticipation of joy in the middle. Seeds can do glorious things or, sometimes, nothing at all.

My Mother grew up in a small French community, on a ranch with an orchard, so she had plenty of experience with gardening. I grew up in Kansas as the oldest of eight children, and at the age of 7, Mother gave me a circular patch of ground of my very own to work, along with a couple of packages of seeds. That Kansas soil was rich and everything just seemed to GROW. I had such lovely flowers in my little patch! And I was so proud of my gardening ability!

Even Daddy, the city boy, became an excellent gardener with Mother's prompting and encouragement. Every evening, after Mother sorted out what she needed for our family of ten and her canning, we put the remaining vegetables in small paper bags, loaded them into our red wagon, and sold them to our neighbors.

The neighbors knew they were always welcome to pick their own vegetables from our garden, but they seemed to prefer us kids selling paper bags of veggies from that little red wagon!

Then we moved from Kansas to New Mexico. In that stubborn New Mexico desert soil, I could grow neither fruit, nor flower, nor vegetable! I completely lost my confidence as a gardener!

I moved to Texas 33 years ago and have slowly been drawn back to my roots – the seed – the ground – the plant. At first I was a planting fool! I didn't know an annual from a perennial, a tall plant from a dwarf, or a sun plant from a shade plant – and never mind trying to make it on my own with a seed! I planted flats of everything, everywhere! Much to my dismay when tidying up my beds, I found that I couldn't identify anything – and pulled them all out as fast as I had planted them! They all looked the same, including the weeds! Gardening frustration once again!

Until I joined our Garden Club, I was intimidated about trying seeds again. But I remembered the joys of planting seeds as a child, and was determined to persevere. I may not always know the names of everything I plant, but I love to learn, even through the process of trial and error.

Thanks to those early successes with my Mother, I can say that I truly love seeds, and I very much appreciate those who harvest seeds to share with others. Please bring your extra seeds to the Seed Table at our Monthly Meetings so others can share the joy of planting them and, of course, please take seeds to try in your garden.

When you gather seeds, remember to write down the name of the plant, its height at maturity, whether it loves sun or shade, and whether it's invasive. Put the seeds in a paper envelope and add a packet of silica gel (dessicant) to keep the seeds dry and prevent mold.

Thank you to all Gardeners of our Lovely Earth!

MASTER COMPOSTER TRAINING

Compost is the most important supplement you can add to your gardens and lawn. This simple material diverts yard waste and kitchen scraps from landfills and is fun to make! Master Composter is a community-based program of citizen education and volunteer development to promote cost-effective and environmentally responsible yard-care practices.

The City of Grapevine, in partnership with The North Central Texas Council of Governments and The State of Texas Alliance for Recycling, is now accepting registrations for the 2017 Master Composter Certification Training. Two training classes will be offered at the Grapevine Botanical Gardens at Heritage Park in the Bessie Mitchell House. Participants will receive 15 hours of classroom and hands-on instruction that will span a three-day period. Class graduates will receive books and workshop materials for their personal use.

Enrollment is limited and the registration deadlines are January 3 for the January class and April 25 for the May class. To receive Master Composter Certification all three days must be attended in addition to completing 20 volunteer hours. The two class schedules are as follows:

January Class:

January 19, 2017 6-9 pm The REC Event Hall B 1175 Municipal Way
January 20, 2017 6-9 pm The Bessie Mitchell House 411 Ball St.
January 21, 2017 8:30-5:30 pm The Bessie Mitchell House 411 Ball St.

May Class:

May 4, 2017 6-9pm The Bessie Mitchell House 411 Ball St.
May 5, 2017 6-9pm The Bessie Mitchell House 411 Ball St.
May 6, 2017 8:30-5:30pm The Bessie Mitchell House 411 Ball St.

Fee:

Free to Grapevine residents
\$20 for non-residents

Lunch will be provided on January 21 and May 6.

To register call 817-410-3350, or email Lgrove@grapevinetexas.gov
